

Baby2Baby! 

2011-2021 IMPACT REPORT

# One Decade of Baby2Baby

Baby2Baby provides children living in poverty across the country with diapers, clothing and all the basic necessities **that every child deserves.**

In the last 10 years, Baby2Baby has distributed over 200 million items to children in homeless shelters, domestic violence programs, foster care, hospitals and underserved schools as well as children who have lost everything in the wake of disaster.

## Letter from the Co-CEOs

It's hard to believe that ten years ago, we were serving 500 low-income children out of a tiny space with just the two of us and one intern. Because of the support of our incredible staff, Board and Angel group, donors and sponsors, over the last ten years, Baby2Baby has distributed 200 million essential items to more than one million children in over 150 cities across the country.

What we never could have imagined is a worldwide pandemic that would absolutely devastate children in poverty. Over half of the items we've distributed—100 million of them—including diapers, formula, soap, shampoo, masks, hand sanitizer, food and more—have been provided to children across the country just since the COVID crisis began.

Our COVID-19 Emergency Response Program has provided essential items to children experiencing homelessness who don't have the luxury of social distancing, underserved schools and the students who rely on school for food and supplies, children placed in foster care due to increased abuse and neglect and hospitals and clinics treating families with COVID-19.

In this last year alone, Baby2Baby had requests for 731 million diapers, a 500% increase over pre-COVID times. We are tackling diaper need from every angle—from successfully advocating to remove sales tax from diapers in California, establishing the New York State Cares + Baby2Baby Diaper Bank and manufacturing our own diapers to donate to the families we serve so we can produce them for the lowest cost possible, stretching your generous dollars even further.

On top of the pandemic, we faced one of the worst hurricane and fire seasons on record and the families we serve were once again hit hardest by these disasters. Through our Disaster Relief program over the last 10 years, we have distributed over 30 million emergency supplies to families who have lost everything.

We are incredibly grateful for the ongoing devotion of the Baby2Baby community and to those who have stepped up when the Baby2Baby children needed us more than ever, allowing us to reach 5 times more children last year than any previous year in our history.

It has become increasingly clear that the impact of COVID-19 will be felt for not only months—but years—to come for families living in poverty. When we can continue providing basic essentials, parents can put their extremely limited resources, after this unprecedented time, toward paying their rent, putting food on the table and keeping their children safe.

With our deepest thanks,

*Kelly Sawyer Patricof  
and Norah Weinstein*

- 7.8 million of those items have gone to families who had to flee their homes due to devastating wildfires in areas including Paradise, Sonoma, Napa, Mendocino, Healdsburg, Woodland, Santa Rosa, Cloverdale and Chico.

# Los Angeles Spotlight

Baby2Baby's hometown for the last decade.

- In the last 10 years, Baby2Baby has served **over one million children** in Los Angeles. Last year alone, we served 350,000 low-income children across all 8 Service Planning Areas including Watts, Compton, Downtown LA, Long Beach and Lancaster.
- Baby2Baby has reached **546 organizations** throughout LA County, serving children in homeless shelters, domestic violence programs, foster care, hospitals and underserved schools.
- Our partners include Los Angeles Unified School District (LAUSD), all 20 regional Department of Children and Family Services (DCFS) offices, Department of Public Health (DPH), Los Angeles County Department of Health Services, First 5 LA, Union Rescue Mission, LA Mission, Midnight Mission, Children's Institute, CASA, Los Angeles County Office of Education (all 80 school districts).

## SPECIALIZED PROGRAMMING

### COVID Relief

*Partnered with school districts by supporting Grab & Go Food Centers throughout the pandemic when students lost access to the meals and essentials they would otherwise receive in the classroom.*

### Vaccine Support

*Through partnerships with Carbon Health and other health clinics, Baby2Baby has focused on LA communities that have the highest poverty and lowest vaccination rates in the county, reaching the families having the hardest time rebounding.*

### Sweet Dreams Initiative

*In 2015, Baby2Baby launched our commitment to provide a crib or safe place to sleep to every child in our program. LA County sees more sleep-related deaths than any other form of accidental child death.*

### Baby2Baby 2 The Rescue

*Baby2Baby provides customized bundles to children in the foster care system after being removed from their homes, filled with the essentials they need to start over in their new placement.*

### Baby Bundles

*Through partnerships with hospitals and Welcome Baby programs, Baby2Baby provides care kits to low-income families to help care for their newborn babies that include diapers, clothing, blankets, hygiene items, a health and safety kit and everything a baby needs to thrive.*

# New York Spotlight

Baby2Baby has reached 42 organizations in 11 cities across NY state including all 5 boroughs of NYC.

## THIS INCLUDES:

- 13 Family Support Programs
- 10 Food Banks
- 5 Diaper Banks
- 5 Schools and Early Childhood Development Programs

# Diapers

Diapers are the #1 requested item for the families we serve.  
This year, Baby2Baby has requests for 1.5 BILLION diapers.

DIAPER NEED

1 in 3 families in the U.S. struggles to afford diapers for their babies

Diapers are **NOT** covered by SNAP or WIC

Most daycares require a **FULL DAY'S SUPPLY OF DIAPERS** for children to be dropped off, which means parents without enough diapers are turned away

Low-income families pay up to **14%** of their after-tax income on diapers

Since the pandemic Baby2Baby has seen a **505%** increase in diaper requests

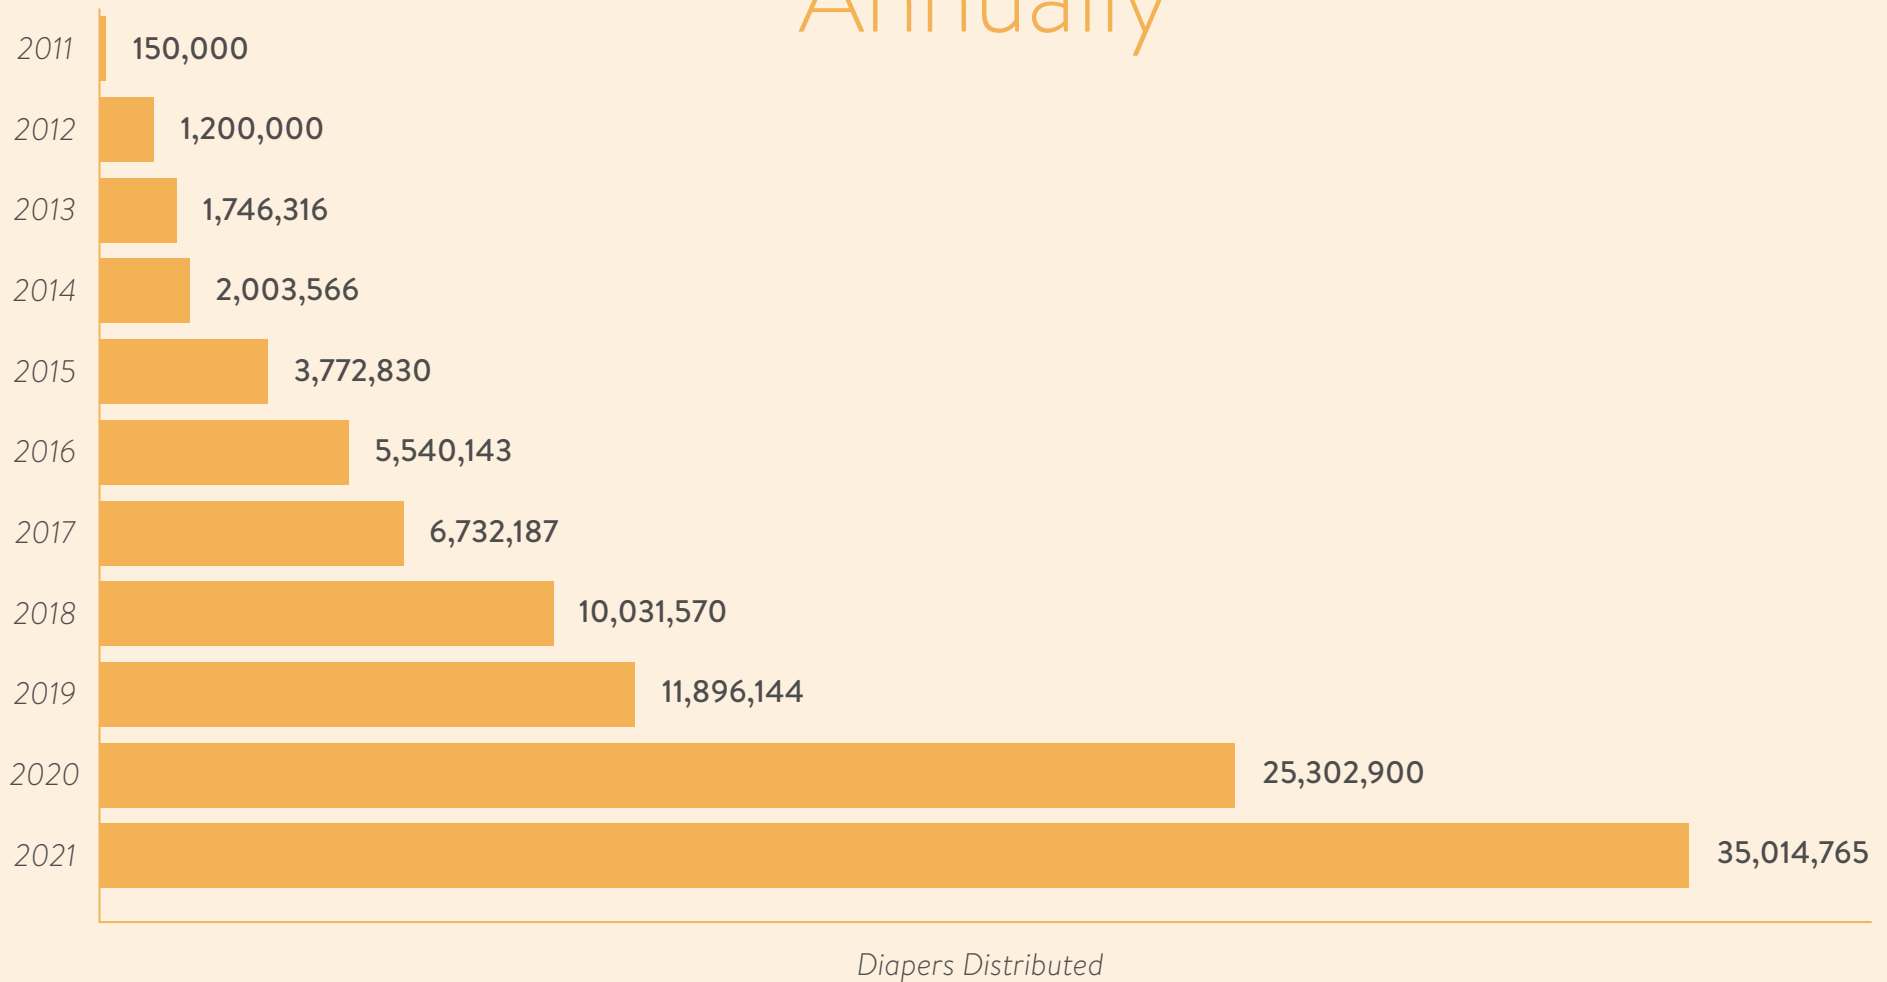

Diapers are the **4<sup>TH</sup> HIGHEST** household expenditure (after rent, food and utilities) for low-income families

Over 100 million diapers have been distributed by Baby2Baby over the past decade to children in need, more than any organization of our kind.

# Diapers Distributed Annually

# Diaper Manufacturing

In response to the skyrocketing need for diapers during COVID, Baby2Baby began manufacturing our own diapers to donate to the families we serve. This innovative approach allows us to produce diapers at a fraction of the cost — **6 cents compared to 35-67 cents at retail** — and dramatically increase the number of children we reach.

THIS REPEAL WENT INTO EFFECT ON  
**JANUARY 1, 2020**

## Diaper Advocacy

After years of being on the front lines of diaper reform, Baby2Baby successfully advocated to remove sales tax from diapers in California for the first time in state history.

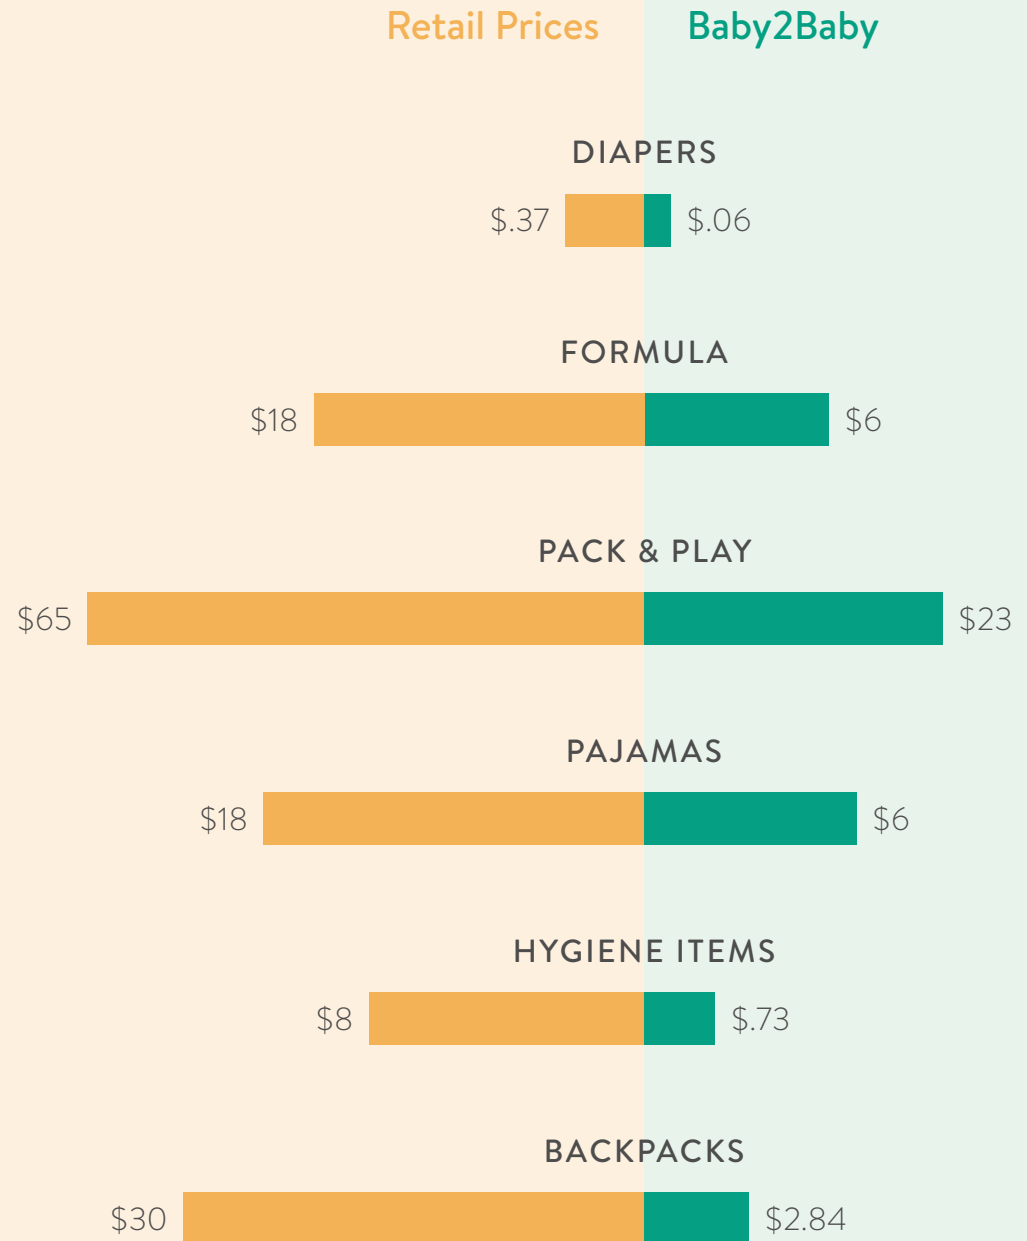

Baby2Baby continues to support both federal and national diaper legislation.

PROGRAM SUPPLIES

# The Baby2Baby Advantage

By negotiating directly with wholesalers – and in some cases manufacturing ourselves – Baby2Baby’s pricing allows us to stretch donors’ dollars 3x further to reach exponentially more children living in poverty with the essentials they need.

*Baby2Baby pricing reflects our lowest purchasing price to date versus an average retail price for the same item.*

BABY2BABY PROGRAM FOR:

## Under-Served Schools

In total, **Baby2Baby** has distributed millions of items to under-served schools, Head Starts and early education centers across the country including:

- School Supplies
- Safety Items
- Uniforms
- Food
- Clothing
- Soap
- Shampoo
- *and more*

for students whose families are skipping meals to pay for these essentials.

BABY2BABY PROGRAM FOR:

# Hospitals & Clinics

Baby2Baby partners with hospitals across the country to provide new parents with critical items and ensure Baby2Baby families are equipped with the items their babies need.

**During the pandemic, Baby2Baby provided over 2.5 million diapers, masks, hand sanitizer and more to hospitals and clinics treating families with COVID-19.**

BABY2BABY PROGRAM FOR:

## Foster Care

In 2016, we launched our **Baby2Baby 2 the Rescue** program to serve children in foster care, starting with Los Angeles County's Department of Children and Family Services - the largest foster care system in the country.

Baby2Baby's foster care program has grown to serve foster care agencies in New York, New Jersey, Wisconsin, the Navajo Nation, and across the country.

When DCFS social workers are called to investigate a newly opened case, they must detain children coming from abusive and dangerous conditions. These children are removed from their homes with no belongings. Along with all the basic essentials—outfits, pajamas, towels, shoes, hygiene items—Baby2Baby provides comfort items including stuffed animals, cuddle blankets, toys and books.

BABY2BABY PROGRAM FOR:

# Homeless & Domestic Violence Shelters

Over the past decade, Baby2Baby has supported homeless and domestic violence shelters by stocking them with essentials for the children we serve. When families arrive without any belongings, especially mothers and children who have fled a dangerous situation, they not only have what they need for the night but also a comfort item to help them feel safe and cared for.

During the pandemic, this work scaled significantly as families did not have the luxury of social distancing in overcrowded conditions and relied on Baby2Baby to keep them healthy with masks, hand sanitizer and cleaning supplies.
